

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The state horticultural field meeting is being held at Middlebury to-day.

The Vermont Retail Shoe Dealers' association is holding its annual meeting at Brandon to-day.

The Middlebury checklist is 200 smaller than it was two years ago, there being but 712 names on it.

The steamer Vermont will be withdrawn from service on Lake Champlain for the season on Sept. 7.

George Nichols' mill and a town bridge, nearly at East Enosburg were destroyed by fire early Monday morning, the fire starting from the engine room and making rapid progress.

Chicken thieves are thriving in West Rutland. One man lost a dozen fowls and enough burlap bags in which to carry away the booty, the bags having been stolen from a nearby garage building.

George M. Hogan of St. Albans has been appointed to the board of commissioners for the promotion of uniform legislation in the United States, taking the place of H. B. Shaw of Burlington, resigned.

George Olmstead of Morrisville was rendered blind when he suffered a shock while he was at work in H. L. Stevens' store in Morrisville last Friday. He was taken to the Fanny Allen hospital in Winooski.

While descending a hill in Richford Center on a motorcycle, Noah Logg of Montgomery was thrown from his machine and was rendered unconscious. He did not regain consciousness fully for two days. He also was badly cut about the face and head.

Alfred Rousseau and his two sons, Aldea, aged 16, and Herbe, aged 14, who were detained at Franklin last Friday evening on the ground that they were aliens unlawfully in this country, escaped from the detention house in St. Albans. The three had been selling court plaster and needles in the towns in the northern part of the state.

Lyman Powers and his son, Raymond Powers, both of Marlboro were fined \$100 each, in Brattleboro municipal court Monday, they having pleaded guilty to the charge of having venison out of season. Seventy-five dollars of the elder man's fine was remitted because it was shown that he did not kill the deer but only received half the meat from the son.

Paul Dean, motorman at Bellows Falls, got a severe electrical shock while operating his car Saturday. He was taken to the hospital where it was found that the muscles in his right arm were badly contracted. During the same storm, St. Peter's church at North Walpole, just across the river from Bellows Falls, was struck by lightning and the altar rail and cloth were scorched. Rain fell in sheets.

Clapham Ethier, aged 12, son of Mr. and Mrs. Isidore Ethier of Winooski, was drowned in the Winooski river Monday while bathing with several boy companions. The other boys were diving and young Ethier, who did not know how to dive, thought that he could do as the rest and plunged into the water. He never came up. There is a bad place just about where the boys were diving and the young man may have struck his head against a rock. When he did not appear they sent for help. A young man by the name of Edward Trudell of Burlington, plunged into the hole and brought up the body. The mother of the boy is employed at the cotton mill and saw that everyone at looking out of the windows and asking what was the trouble was told that her son had been drowned.

WELLS RIVER

Miss Hooker of Brattleboro spent an evening and night with Mrs. Adie Perkins, while on her way to Colebrook, N. H.

A Red Cross field day was held Monday at Camp Quinbeck, Lake Fairlee. The day was opened at 2 p. m. with a vaudeville show given by the girls of the camp. Following this came the horse show, in which some nice riding was displayed, and water sports which were exceptionally good. A pageant, in which 175 camp girls took part, ended the afternoon part. In the evening a play, given by the counselors, was enjoyed by the large audience. Throughout the whole day a midway was operated very much like any fair, which added greatly to the proceeds of the day. This proved one of the most successful Red Cross days given in this section.

Mrs. Josephine Clark was the guest of Mr. and Mrs. Jesse Sheldon at their camp at Hall's pond over Sunday.

Mr. Barrett, Edgar Cushing, and John Martin were the only Wells River boys to become twenty-one between July and August 24. They registered at Newbury at the town clerk's office on Saturday.

Root and Herb Medicines.

Indian medicine men contend that the roots and herbs of the field furnish a panacea for every ill to which human flesh is heir. Be that as it may, it is interesting to note that the most successful remedy in the world for female ills, Lydia E. Pinkham's Vegetable Compound, was compounded more than forty years ago by Mrs. Lydia E. Pinkham of Lynn, Mass., from the roots and herbs of the field, and to-day it is recognized from shore to shore as the standard remedy for female ills.—Adv.
